assessment for nursing home residents, Minimum Data Set for, 2057
chronic
assessment in vulnerable elderly, 756
coping strategies for, 950
in frail elderly after hip fracture repair, 2062
nonmalignant, analgesic prescribing patterns for nursing home residents and, 867
nonmalignant, appetite impairment and, 247
excruciating, in nursing home residents, 762
impaired visceral perception, underlying mechanisms in elderly, 132
in nursing home residents, 1020
management
for frail elderly, complexity of, 840
in nursing home residents , quality improvement project for, 1988
osteoarthritis-associated, tramadol/acetaminophen for, 374
pharmacotherapy, in depressed older adults, 1916
with dementia, acetaminophen administration schedule for, 1093
Palliative care
for dementia and lower respiratory tract infection, 691
preferences in medical house call program, 736
Parkinson's disease
disability, effect of psychiatric and nonmotor symptoms in, disability, 784

L-Dopa refractory, subcortical vascular lesions, functional recovery in, 252
self-report agreement with medical records omen, 123
Patient compliance
hip-protector usage in nursing home residents, 340
predictors of nonadherence to mammography screening, 768
to vitamin D supplementation after hip fracture, 474(letter)
Patient education
antibiotic use for acute respiratory tract infections in elderly, 39
effects on elderly antibiotics use, 112
Patient Self Determination Act, advanced directives and advancing age, 641
Patient transfer, after hip fracture, 1826
Patient-centered care, definitional differences of successful aging and, 211
Patient-physician interaction
breast cancer treatment in older women and, 1138
depression treatment and, 1578
hospice description/discussions, 1923
nonadherence to mammography and, 768
PEG. *See* Percutaneous endoscopic gastrostomy
Pelvic insufficiency fractures, 854(letter)
Pelvic surgery, urogynecological and reconstructive, 851(letter)
Percutaneous coronary intervention, for AMI, age-related changes in, 1355
Percutaneous endoscopic gastrostomy (PEG)
for advanced dementia, 1217(letter)
in preventing gastroesophageal reflux, 466(letter)
Periodontal disease, weight loss in older adults and, 547
Peripheral artery disease
in African Americans, 922
muscle and nerve impairments in, 405
self-reports of disease diagnosis agreement with medical records, 123
walking-related disability, inflammatory and thrombotic blood markers in, 1888
Pesticide exposure, dementia and, 1590(letter)
Pharmacoepidemiology, drug-induced lithium toxicity in elderly and, 794
Pharmacy claims database, concurrent anticholinergic and cholinesterase inhibitor usage, 2082
Phenotype, of families with longevity, 274
Philadelphia chromosome-positive chronic myelogenous leukemia, intermittent IMATINIB therapy for, 1783(letter)
Physical activity. *See also* Exercise
dependence in elderly population and, 1632
inflammatory markers in elderly and, 1098
of elderly who exercise, 502
self-reported walking speed in elderly, 411
stair performance in people aged 75 and older, 563
Physical performance, anemia, muscle strength and disability in elderly and, 719
Physical therapy, after hip fracture, 1114
Physician assistants, prevention of nursing home resident hospitalizations and, 1730
Physician Orders for Sustaining Treatment form (POLST), improvements in advanced care planning and, 1574
Physicians. *See also* Patient-physician interaction
community, quality of care for falls, 1527
description of hospice for patients and families, 1923
determinants of functional independence in elderly, 1233
personal stresses of, 1579
practice patterns, antibiotic usage for acute respiratory tract infections by elderly, 39
recognition of cognitive impairment, 1051
recruitment into geriatrics, 1959
Pioglitazone, effect on abdominal fat and metabolism in Werner syndrome, 1582(letter)
Pneumococcal vaccine
adverse reactions to, 1219(letter)
barriers for vaccination in community-dwelling elderly, 25
benefits for bedridden patients, 1410(letter)
in university-based primary care and specialty practices, 1007
Pneumonia
aspiration. *See* Aspiration pneumonia
clinical features and outcomes, 1321
combination therapy for, 846(letter)
community-acquired. *See* Community-acquired pneumonia
in nursing home residents with dementia, treatment of, 691
recurrent hospitalization indicators for, 2010
risk, swallowing dysfunction and, 1032(letter)
Polycythemia, growth hormone, testosterone and DHEA for, 1031 (letter)
Polymorphisms, TNF-308G>A in dementia, 1361
Polymyalgia rheumatica
complicating influenza vaccination, 1412(letter)
diagnosis in presence of malignancy, 1028(letter)
Polypharmacy, medication review effect on regimen changes, 93
Positron emission tomography, in diagnosing Alzheimer's disease, 467(letter), 1218(letter)
Postherpetic neuralgia, gabapentin for, 835
Postmenopausal women. *See* Women, postmenopausal
Postoperative period
persistent in frail elderly after hip fracture repair, 2062
resistance training, effect on elderly hip surgery patients, 2016
Postural control
magnetic insole effects on, 166(letter)
step testing for, 1168
voluntary step behavior in health adults and, 1255
Poverty, depressive symptoms in community-dwelling African Americans, 741
Pravastatin, for cardiovascular event prevention, 831
Prescribing behavior
administrative databases in improving prescription-drug use, 1018
antibiotics for acute bronchitis in community-dwelling elderly, 875
criteria for propoxyphene, 1580(letter)
dosage, neuroleptic drug therapy in nursing home residents, 749
for pain in nursing home residents, 1020
inappropriate
community-dwelling elders *vs.* nursing home residents, 861
for acutely ill elderly in emergency department, 1847
health outcomes in elderly and, 1934
medication review effect on regimen changes on function and cost in ambulatory elderly, 93
Prescriptions, Medicare Prescription Drug, Improvement, and Modernization Act, 1013
Pressure ulcers
development in long-term care patients, 359
guidelines and data, 164(letter)
incidence, racial differences in, 1293
malnutrition and, 163(letter)
prevention/treatment in long-term care facilities, 583
Primary care, detection and management of cognitive impairment in, 1668
Propoxyphene
for elderly, 1227(letter), 1580(letter)
prescribing criteria for, 1580(letter)
Prosthodontic dental care, onset of chewing difficulty and, 880
Protein
low, injury risk in elderly and, 324(letter)
malnutrition, swallowing recovery in tube-fed elders and, 1588 (letter)
Proxy perceptions, *vs.* patient self-reports of change, 1157
Psychiatric disorders
recognition and treatment in assisted living population, 1618
subsyndromal syndromes of aging, 463
symptoms, effect on Parkinson's disease disability, 784
Psychological factors
group exercise effect on, 1471

race, urinary incontinence in community-dwelling adults and, 1870
stroke risk in elderly diabetes patients, 205
Psychometric tests, of balance, comparison of, 1343
Psychosis
in Alzheimer's disease and related dementias, risperidone for, 852(letter)
in residental care/assisted living facilities, 1610
Psychosocial factors
nursing home residents with urinary incontinence, adverse outcomes and, 712
resilience of community-dwelling elderly, 257
Pulse pressure, in predicting cardiovascular events, 1538
Pulse wave velocity, cognitive function in nonvascular dementia and, 1037(letter)
Pupillometry, for Alzheimer's disease diagnosis, 166(letter)
Pyothorax, associated with lymphoma, 1226(letter)

Q

Quality improvement
in nursing homes, 2137
of pain management for nursing home residents, 1988
Quality of care
chronic pain assessment in vulnerable elderly, 756
educational intervention effects on elderly antibiotics use, 112
excruciating pain in nursing home residents, 762
for falls by community physicians, 1527
hiring of nurse practitioner/physician assistants in nursing homes, 1730
in-bed times of nursing home residents, effects of staffing on, 931
inappropriate antiepileptic drugs for elderly patients, 417
neuroleptic drug therapy in nursing home residents, 749
pain pharmacotherapy in depressed elderly, 1916
pressure ulcer prevention and treatment practices in long-term care, 583
transitional, improving for complex care needs, 855(letter)
Quality of life
effect of Tai chi on sleep quality, 892
incidence of tooth loss and prosthodontic dental care, 880
of veterans, 1271
physical functioning, depression and preferences for treatment at end-of-life, 577
special care facility *vs.* traditional care for dementia, 1085
special care unit for dementia patients, 1214
vs. quantity of life, 314

R

Race
cognitive function test score differences and, 2120
dementia in Cardiovascular Health Study and, 195
differences in pressure ulcer incidence and, 1293
psychological distress in community-dwelling elderly, urinary incontinence and, 1870
Radiography, resolution of community-acquired pneumonia and, 224
Raloxifene, effect on bone turnover markers, 779
Rehabilitation
early postoperative resistance training for hip surgery patients, 2016
expanded menu of goals for, 284
mortality risk in elderly men, low testosterone and, 2077
reproducibility of jumping mechanography, 128
subcortical vascular lesions in L-Dopa refractory Parkinsonism, 252
Rehabilitative hospital, multidisciplinary fall-prevention program in, 335
Religion
end-of-life care approaches and, 1224(letter)
health status of medically ill elderly and, 554
Relocation
after hip fracture, 1826
biobehavioral correlates in frail elderly, 1856
Remininscence, aging and, 1594(letter)
Research
agenda setting for geriatric ophthalmology, 453
definition of successful aging, *vs.* older adult's views on, 211
ethics, for Alzheimer's disease patients, reporting in publications, 305
falls-prevention, building the science of, 461
fellowship training experiences, strengthening, 607
in community-based settings, federalwide assurance requirements and, 1567
on dementia patients living alone, 1576
population-based, screening program for osteoporosis and, 1130
translation into clinical practice, 1875
Residential care facilities
behavioral symptoms in, 1610
fall prevention in, 524
Resilience, of community-dwelling elderly, 257
Resistance training
early postoperative, effect on elderly hip surgery patients, 2016
in reducing fall risk for elderly women, 657
muscular strength improvement from, 830
soluble tumor necrosis factor receptors and, 237
vs. whole-body-vibration training for elderly women, 901
Respiratory tract infections
acute, antibiotic usage for, 39
educational intervention effects on elderly antibiotics use, 112
effect of DNR order on hospitalization of nursing home residents, 51
ginseng extract effect on, 13
lower, in nursing home residents with dementia, treatment of, 691
upper, effect of nutritional formula on symptoms from, 3
Rest tremors, clinicopathological study, 1781(letter)
Resuscitation, physical functioning, depression and preferences for treatment at end-of-life, 577
Retirement, subsequent health status in highly educated men, 2144(letter)
Retroperitoneal abscess, after sphincterotomy-related perforation, 1786(letter)
Retroperitoneal hematoma, spontaneous enoxaparin-associated, with impaired creatinine clearance, 477(letter)
Rib fractures, mortality, injury severity, resource consumption and, 805
Ribs on pelvis syndrome, abdominal pain in, 1039(letter)
Rifampcin, *vs.* doxycycline for Alzheimer's disease, 381
Risedronate, efficacy in reducing fracture risk in osteoporetic women, 1832
Risperidone
dementia-associated nursing burden and, 1449
for psychosis treatment in dementia, 852(letter)
Rivastigmine, switch to galantamine, 1965(letter)
Rofecoxib, *vs.* nabumetone for osteoarthritis, 666

S

Safety
of *Haemophilus influenzae* type B polysaccaride vaccine and, 1883
of head-up tilt table test in elderly, 1913
of older drivers, optimizing, 143
stair performance in people aged 75 and older, 563
Sarcopenia
all-cause mortality in nursing home residents and, 886
early postoperative resistance training for elderly hip surgery patients and, 2016
healthcare costs in United States, 80
mortality/disability of women and, 1185
Satisfaction with the Nursing Home instrument, psychometric properties of, 2148(letter)
Scalp necrosis, and subepicranial abscess with giant cell arteritis, 165(letter)
Screening
for breast cancer. *See* Mammography

for diabetes mellitus, 1777(letter)
for elder abuse, progress in, 297
population-based program for osteoporosis, 1130
validity of Identification of Seniors Risk screening tool, 290
Self-efficacy, stair performance in people aged 75 and older, 563
Self-management, preparation for transitional care, 1817
Self-reports
of change *vs.* proxy perceptions, 1157
of delay in seeking care, validity in predicting adverse outcomes, 2104
of disease diagnosis, agreement with medical records, 123
of medical conditions of functional performance, 217
of physical function improvements from tai chi, 830
of survival prediction, 1180, 1895
of walking ability, 2099
of walking speed in elderly, 411
Septic shock,enema-induced rectal injury in dialysis and, 2143(letter)
Seroconversion, hepatitis C infection risk in elderly and, 242
Severe acute respiratory syndrome, clinical features and outcomes in, 1321
Sexual function
changes, in men, 1502
frail elderly and, 1776
healthcare needs of elderly women and, 117
Viagra usage and, 1399
Shoes
biomechanical properties, risk of falling and, 1840
magnetic insoles, effect on balance, 166(letter)
style of, risk of falling and, 1495
wobble-board intervention exercise and, 573
Showering, person-centered, effect on aggression and agitation, 1795
Silicosis, carboxyhemoglobin in, 1403(letter)
Simvastatin, lipid lowering effects on coronary events, 1981
Site of death
for continuing care retirement community residents, 1401(letter)
hospital *vs.* nursing home, prediction of, 1247
out-of-hospital, decedent symptoms and caregiver burden, 532
Skeletal muscle, healthcare costs for sarcopenia and, 80
Skilled nursing facilities. *See* Nursing homes
Skull fracture, differential diagnosis of, 1402(letter)
Sleep
nondipper blood pressure, prevalence of, 967
quality in elderly, tai chi and, 892
Sleep-disordered breathing, nocturia and, 957
Social support, religion and spirituality effects on health of medically ill, 554
Sociodemographic characteristics, of uninsured elderly in United States, 601
Socioeconomic factors, depressive symptoms in community-dwelling African Americans, 741
Special care units, for dementia patients, 1085, 1214, 1216(letter)
Specialist services, interactive video speciality consultations in long-term care, 789
Speed of movement
reliability of walking test for mobility limitation assessment, 972
whole-body-vibration training and, 901
Spirituality, health status of medically ill and, 554
Splenic hematoma, after colonoscopy, 320(letter)
Squamous cell carcinoma
in long-standing lichen sclerosus et atrophicus, 319(letter)
occurring at site of prior herpes zoster of scalp, 1221(letter)
State policies, effect on hospitalization rates from nursing homes, 393
Step testing
mobility, balance and fall risk in elderly, 1168
reaction time, effect of cognitive task on health adults, 1255
stair performance, in people aged 75 and older, 563
Still's disease, in 75 year old patient, 2143(letter)
Stress resilience, of community-dwelling elderly, 257
Stroke
C-reactive protein and interleukin-6 levels in, 1586(letter)
dementia risk, alcohol intake and, 540
depression after, 774
ischemic, home hospitalization for, 278
prediction, blood pressure components in, 1538
prevention in atrial fibrillation, anticoagulants for, 428, 1151, 1968(letter)
risk
depression and, 774
lipid levels and, 1639
well-being in diabetics and, 205
self-reports of disease diagnosis agreement with medical records, 123
silent, functional and cognitive consequences of, 1045
with insular hypoperfusion and aspiration pneumonia, 645(letter)
Stroke units, models of care for, 1587(letter)
Subcortical vascular lesions, functional recovery after rehabilitation in L-Dopa refractory Parkinsonism, 252
Subepicranial abscess, and scalp necrosis with giant cell arteritis, 165(letter)
Subintensive care unit, as acute care model for elders, 1587(letter)
Sural nerve biopsy, diagnosis of painful neuropathies, 1030(letter)
Survival
beta-blocker prophylaxis after AMI, functional status and, 495
breast cancer, effect of depression on, 106
cognitively impaired elderly, self-reported health and, 1895
prediction, using self-report data for, 1180
Swallowing reflex
dysfunction
pneumonia risk and, 1032(letter)
recurrent hospitalization for pneumonia and, 2010
in elderly with aspiration pneumonia, temperature and, 2142(letter)
recovery in tube-fed elders, protein malnutrition and, 1588(letter)
theophylline-improved, 1787(letter)
Syringomyelia, myelopathy in elderly and, 1033(letter)
Systems of care, Northern California chronic care network for dementia, 150
Systolic blood pressure, serum lipoproteins and, 916

T

Tai chi
quality of sleep and daytime sleepiness, 892
self-reports of physical functioning and, 830
Tamoxifen, for postmenopausal breast cancer, 611
Telemedicine, interactive video speciality consultations in long-term care, 789
Temperature,effect on swallowing reflex in aspiration pneumonia, 2142(letter)
Temporal arteritis, with half purple tongue, 1030(letter)
Testosterone
mortality risk in elderly men and, 2077
with growth hormone and DHEA for polycythemia, 1031(letter)
Tetanus, without documented vaccination status, 1593(letter)
Thiazide diuretics, *vs.* alpha-1 antagonists for hypertension, 1648
Thrombolytic therapy, for acute myocardial infarction, effect of dementia on, 173
Tongue, half purple, diagnosis of, 1030(letter)
Tonicity, as marker for early frailty, 1313
Tooth loss, onset of chewing difficulty and, 880
Tramadol/acetaminophen, for osteoarthritis-associated pain, 374
Transitional care
for complex care needs, improving quality of, 855(letter)
for hospitalized elderly with heart failure, 675
hospice admission practices and, 725
preparing patients and caregivers for, 1817
Triglycerides, cardiovascular events and, 1639
Tuberculosis, pyothorax-associated with lymphoma, 1226(letter)
Tumor necrosis factor receptors, after resistance training, low-grade inflammation and, 237

Tumor necrosis factor-alpha
Chlamydia pneumoniae seropositivity and, 1626
effect on insulin and insulin-resistance syndrome, 399
physical activity and exercise in elderly and, 1098
promoter gene polymorphism in dementia, 1361

U

U.S. Department of Veterans Affairs, nursing home residents with mental illness, 2031
Ulcerative colitis, with unexplained myasthenia gravis, dysphagia, cirrhosis and vitiligo, 1407(letter)
Ultrasound screening, of abdominal aortic aneurysm, 832
Urinary incontinence
adverse outcomes in nursing home residents, 712
in community-dwelling older African Americans and whites, 1870
Urinary tract infections
educational intervention effects on antibiotics use, 112
validity of Minimum Data Set in identifying in long-term care facility residents, 707

V

Vaccination. *See* Immunizations
Validity
of Chronic Heart Failure Questionnaire, 321(letter)
of Delirium Index, 1744
of frailty index based on standardized comprehensive geriatric assessment, 1929
of Identification of Seniors Risk screening tool, 290
of Late-Life Function and Disability Instrument, 1554
of Minimum Data Set in identifying urinary tract infections in long-term care facility residents, 707
of self-rated health in predicting survival of cognitively impaired elderly, 1895
Valproic acid intoxication, from prescription error, 2141(letter)
Vancomycin-resistant enterococci, prevention of transmission by glove use and contact isolation precautions, 2003
Vascular dementia, in Cardiovascular Health Study, 195
Vascular disorders with late-life depression, sertraline for, 86
Vascular lesions, in Alzheimer's disease, effects on cognition, 1442
Vasovagal syncope, safety of head-up tilt table test in, 1913
Verbal memory
hormone replacement therapy effects on, 182
in nondiabetic men, glycosylated hemoglobin levels and, 848(letter)
Vertebral fractures, group exercise effects on, 1471
Veterans
alcohol screening results, health status, mortality and, 1510
coping strategies for chronic pain, 950
disruptive behaviors in nursing home residents, 2031
health related quality of life, 1271
living alone and outpatient care for, 617
secondary hip fracture prevention in, 647(letter)
Visceral pain impairment, mechanisms of, 132
Vision
attention, mobility in older adults and, 1901
impairment
research agenda-setting program for, 453
impiarment
with hearing impairment, in predicting cognitive and functional decline, 1996
processing speed, mobility in older adults and, 1901
Vitamin D
raloxifene effect on, 779
supplementation, adherence after hip fracture, 474(letter)
Vitiligo, with myasthenia gravis, dysphagia, cirrhosis and ulcerative colitis, 1407(letter)
VO2max, dependence in elderly population and, 1632

W

Walking
interventions to improve neuropathic gait, 510
onset of limitations, tiredness and, 1963(letter)
self-reported intensity of, 411
standardized test
incidence in loss of ability, 2094
isokinetic leg muscle strength and, 977
reliability for assessment of mobility limitation, 972
self-reports in predicting functional ability, 2099
Warfarin, for stroke prophylaxis in atrial fibrillation, 428, 1151
Weight
gain
mortality in elderly recently discharged from hospital, 1696
survival of cachectic geriatric patients and, 1708
loss
excruciating pain in nursing home residents, 762
mortality in elderly recently discharged from hospital, 1696
number of medications and, 1719
periodontal disease in older adults and, 547
nutritional supplements for Alzheimer's disease and, 1305
of rural elderly, dietary patterns and, 589
Well-being, in elderly diabetic patients, stroke risk and, 205
Werner syndrome, pioglitazone effect on abdominal fat and metabolism in, 1582(letter)
Wernicke's encephalopathy, mental confusion, diplopia and inability to stand in elderly man, 1218(letter)
Whole-body-vibration training, effect on knee-extension, 901
Widowhood, disability onset in men and, 353
Wine consumption, Alzheimer's disease risk and, 540
Women, postmenopausal
aromatase inhibitors for breast cancer, 611
balance test normal values for, 1367
breast cancer treatment, patient-physician interaction and, 1138
community-dwelling
cognitive function, depression, homocysteine in, 327(letter)
normal hemoglobin concentration in, 1811
forearm skin elasticity of, 945
glycogen storage disease type II in, 1034(letter)
group exercise effect on muscle strength and psychological status, 1471
hip fracture risk prediction, 1479
hormone replacement therapy effects on cognitive function, 182
knowledge about HIV/AIDS sexual transmission, 1549
large-artery stiffness, prevalence of systolic hypertension and, 368
lower-body muscle power determinants in, 939
mammography, predictors of nonadherence in, 768
mortality, hip fracture effect on, 685
osteoporotic, risedronate efficacy in reducing fracture risk in, 1832
raloxifene effect on bone turnover markers in nursing home residents, 779
rates for osteoporotic fractures, cardiovascular events and breast cancer in, 1543
resistance and agility training in reducing fall risk for, 657
risedronate efficacy in fracture risk reduction in, 1832
sexual healthcare needs of, 117
silent colo-uterine fistula in, 1965(letter)
whole-body-vibration training for, 901

Z

Zolpidem, Charles Bonnet syndrome and, 646(letter)
